### 1.1 Program evaluation report for the academic year 2023/2024

The program evaluation was conducted through questionnaires divided into 2 sessions: Teaching and Learning Evaluation which contains 21 components. Usually this evaluation is conducted once within an academic year and the evaluation is done by the students of the respective program. The questions for the two sessions were mainly constructed in the form of statements and their evaluation was done according to the Likert scale (1 - I don't know; 2 - I disagree completely; 3- I partially agree; 4-I agree; and 5- I completely agree). The results of the evaluations of these sessions are presented in this report through tables no. 2, and 3.
